Instructions - Form 1295

Effective January 1, 2016, a governmental entity may not enter into a contract requiring board approval, unless the business entity submits a Disclosure of Interested Parties (Form 1295) at the time the business entity submits the signed contract.

The following definitions apply:

1. "Interested Party" means a person:
 - a. Who has a controlling interest in a business entity with whom a governmental entity contracts: or
 - b. Who actively participates in facilitating the contract or negotiating the terms of the contract, including a broker, intermediary, adviser, or attorney for the business entity.
2. "Intermediary" means "a person who actively participates in the facilitation of the contract or negotiating the contract, including a broker, adviser, attorney, or representative of or agent for the business entity who:
 - a. Receives compensation from the business entity for the person's participation;
 - b. Communicates directly with the governmental entity or state agency on behalf of the business entity regarding the contract; and
 - c. Is not an employee of the business entity
3. "Business Entity" means any entity recognized by law through which business is conducted, including a sole proprietorship, partnership, or corporation. "Business entity" includes a for-profit or nonprofit entity. He term does not include a governmental entity or state agency.
4. "Contract" includes an amended, extended, or renewed contract.
5. "Controlling Interest" means:
 - a. An ownership interest or participating interest in a business entity by virtue of units, percentage, shares, stock, or otherwise that exceeds 10 percent;
 - b. Membership on the board of directors or other governing body of a business entity of which the board or other governing body is composed of not more than 10 members; or
 - c. Service as an officer of a business entity that has four or fewer officers, or service as one of the four officers most highly compensated by a business entity that has more than four officers."

A business entity must file Form 1295 electronically with the Texas Ethics Commission using the Commission's online filing application, which can be found at:

https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm

The business entity must **print a copy** of the completed form, which will include a certification of filing containing a unique certification number. The Form 1295 must be **signed by an authorized agent** of the business entity, and **the form must be notarized**. The **business entity must then submit the completed, signed, notarized Form 1295 to the contracting school district**.

Changes to Form 1295

Changes to the law requiring certain businesses to file a Form 1295 are in effect for contracts entered into or amended on or after January 1, 2018. The changes exempt businesses from filing a Form 1295 for certain types of contracts and replace the need for a completed Form 1295 to be notarized. Instead, the person filing a 1295 needs to complete an “unsworn declaration.”

What type of contracts are exempt from the Form 1295 filing requirement under the amended law?

The amended law adds to the list of types of contract exempt from the Form 1295 filing requirement. A completed Form 1295 is not required for:

- a sponsored research contract of an institution of higher education;
- an interagency contract of a state agency or an institution of higher education;
- a contract related to health and human services if:
 - the value of the contract cannot be determined at the time the contract is executed; and
 - any qualified vendor is eligible for the contract;
- a contract with a publicly traded business entity, including a wholly owned subsidiary of the business entity;*
- a contract with an electric utility, as that term is defined by Section 31.002, Utilities Code;* or
- a contract with a gas utility, as that term is defined by Section 121.001, Utilities Code.*

The newly exempt contract types are marked with an asterisk.

Why do I need to include my date of birth and address when I sign Form 1295? Was this always the case?

In 2017, the legislature amended the law to require Form 1295 to include an “unsworn declaration” which includes, among other things, the date of birth and address of the authorized representative signing the form. The change in the law applies to contracts entered into, renewed, or amended on or after January 1, 2018. The unsworn declaration, including the date of birth and address of the signatory, replaces the notary requirement that applied to contracts entered into before January 1, 2018.

Will my date of birth and address appear on the TEC's website when I file the form?

No. The TEC filing application does not capture the date of birth or street address of the signatory and it will not appear on forms that are filed using the TEC filing application.

Although the TEC does not capture the date of birth and street address of the signatory, the contracting state agency or governmental agency will have a physical copy of the form that includes the date of birth and address of the signatory. The TEC cannot answer whether the contracting state agency or governmental agency may release such information. Questions regarding the Texas Public Information Act may be directed to the Office of the Attorney General. *See also Paxton v. City of Dall.*, No. 03-13-00546-CV, 2015 Tex. App. LEXIS 5228, at *10-11 (App.—Austin May 22, 2015)_(mem. op.) (pet. denied) (*available [here](#)*).
